**Writ Levied.**—Sheriff Thomas Linville has levied an attachment in favor of W. P. Fuller & Company, a corporation, against that certain property, belonging to A. Phillips, and described as the southwest quarter of section 29, T. 4 N., R. 10 W.

**Two More Transfers.**—Two deeds went to the public records of the county yesterday, namely: A. Welch and C. B. Rhodes, trustees, to the Willamette Valley Company, transferring the interests of the Seaside Electric Co. together with the franchises and powers of that concern. Jonas Untinen and wife, to Jafet Neimi, warranty, \$1800, the northeast quarter of section 27, T. 8 N., R. 8 W.

**Orders in Probate.**—Judge Trenchard, sitting for probate matters yesterday, sent the following orders of that court: In the matter of the estate of John Kampila, deceased, Matti Kampa was appointed as administrator, under bond of \$1500; and also as guardian of the seven children of deceased, under additional bond of \$1200. In the estate of Michael Sharp, deceased, the hearing of the final account of Frank Spittle, executor of said estate, was set for hearing on June 18, 1906, at 2 p. m. In the matter of the estate of James Brown, deceased, an order was made approving the first semi-annual account of the administrator.

**Business is Business.**—J. A. Easterhead, the well known contractor came down from Westport yesterday and reports that he will launch the huge rafting cradle, he is building there for the Benson Logging company on Monday, or Tuesday, next and that as soon as it is afloat it will be towed to Wallace Slough and set up for the framing of the great raft that company intends to ship to San Pedro. In the heart of the raft will be stored all the square timbers and sawed stuff required by the plans and specifications of the big, new mill the Benson people intend to erect at that California port, but the machinery will go overland, what of it is not bought down there. This is business sure enough, and it is hoped they will have good luck, clear through.

**Up To Others, Now.**—The work of clearing out the rubbish from the walks and alleys of the municipal cemetery, better known as the "Hillside" has been most thoroughly done under the oversight of Councilman George Kaboth and his committee of colleagues. The place presents a very different aspect from what it did a few weeks ago, and there is an additional gain achieved by having the work done, in that one of the people engaged in the task was something of a landscape gardener, and he has trimmed the trees as well as the hedges, so that the improvement is very marked. Now it is up to the owners of lots and graves in the Hillside cemetery to take a hand on their respective properties there, and complete the good work done by the city authorities. The committee could not, of right, enter upon these private dominions, and what is done there to bring the whole place to the level of cleanliness and order the committee has wrought, must be done at once, by the owners themselves, and with the excellent example before them, it should not take long for them to follow suit.

**Astoria Fire Alarms.**—Chief Foster, of the city fire department, yesterday received three new, additional fire alarm boxes, of the best automatic pattern and they have been numbered as follows: Fifteen, seventeen and eighteen, and will be installed at once at the following locations: No. 15, at the Clatsop mills; No. 17, at the corner of Twelfth and Commercial streets; and No. 18, at the corner of Ninth and Commercial streets. The old boxes now in service are located as follows, and will remain as they are unless the fire and water committee of the council shall deem it expedient to alter them: No. 4, at the foot of Bond street; No. 5, at the corner of Second and Astor streets; No. 7, at the corner of Eighth and Astor streets; No. 8, at the corner of Ninth and Franklin streets; No. 9, at the corner of Fifteenth and Grand avenue; No. 12, at the McGregor mills; No. 14, at the corner of Thirty-third and Franklin avenue; No. 16, at the corner of Sixteenth and Commercial streets. Make a memorandum of these calls in your vestpocket note book.

**The Protean Cripple.**—Yesterday morning the business men of the city and the throngs upon the streets, were made aware of the presence, and impotency, of a certain cripple, who was a wreck all right as far as one of his limbs were concerned, and who was dirty enough and ragged enough to match his infirmity. This fellow succeeded admirably in his collections from good natured citizens, and kept up his piteous racket all the forenoon and all forenoon and nothing would have been thought of him if, after the noon hour, he had not appeared up town in a stylish suit of clothes, with a modern artificial leg, a cane, a swell hat, and GLOVES. He was promptly recognized by some of the flyer youngsters about town and quickly "balled out," whereupon, he took a "sudden turn" and was gone; the police were, and are, on his trail. Such a bilk as he should be made to do duty on a first-class rock-pile.

Grand ball will be given Saturday evening at Suomi Hall, Uniontown, by the Kalava Band and Orchestra. Admission 50c, ladies free. All are cordially invited. 5-16-2t.

**Geer Will Speak.**—Ex-governor T. T. Geer will speak at the Star Theatre next Wednesday evening and arrangements are being made for a record breaking crowd. Other prominent Republicans of the state and county will also speak on this occasion. On Tuesday the former governor will deliver an address at Seaside.

**It Sounded Good.**—The doors and windows of the river section of the city were filled with interested people yesterday afternoon when the handsomely uniformed band of eighteen pieces, representing the Astoria Musicians' Union, went parading and playing through the business streets. It was a pleasant revelation to many that so good a band was in existence here, and those who have starved for hand-music for so many months, were delighted to hear it again. It is an impromptu organization, gotten together for the purpose of giving a fine concert this afternoon at the Star Theater, the proceeds of which will be sent to the suffering musicians of San Francisco; a cause that should ensure a rousing big audience at the theater today, as it undoubtedly will, since the contributions of the band will be augmented by the full and regular bill of the Star.

**Teachers Meeting.**—Tomorrow morning at 10 o'clock will occur the regular grade meeting of the Astoria teachers. The meeting will take place in the McClure school. In grades 1 and 2 the subject of the grade meeting will be "reading," with Mrs. Fulton and Mrs. McCormack leaders in the respective grades. The subject of "Language" will be discussed in grades 3, 4, 5, and 6, and the leaders will be Miss Lewis, 3rd grade; Miss Morton, 4th grade; Miss Garner, 5th and 6th grades. For the seventh and eighth grades Mr. Garman will talk on the subject of "Supplementary reading and history in the grammar grades as a preparation for high school history." For the general meeting the subject will be "Language Preparation for High School." The meeting will be led by Miss Hulbe.

**Going Slow.**—Those in charge of drawing up the franchise for the automatic telephone company to be presented at the council for their further consideration at the next meeting, are working slowly and carefully. It is the desire to have the franchise as near perfect as possible and there will be no undue haste in drafting the provisions of the ordinance. The company will probably erect a stone or brick building for their quarters, and Mayor Wise has suggested to the company's representative that the building be constructed so that part of the building can be used for a hotel, with perhaps space for other purposes.

The suggestion has been taken up with the eastern headquarters of the company, and their decision will be received shortly in regard to the matter.

**At Logan Hall.**—Last evening an audience of five hundred persons congregated in Logan Hall and observed the anniversary of Norway's Independence. The entertainment was given under the auspices of the Norwegian Singing Society. The large hall was appropriately decorated with the Norwegian and American colors. Over the rostrum a large American flag was hung, while on each side of it, were draped the national emblems of Norway, lending a beautiful effect. An excellent program was rendered as follows: Song by the Society; opening remarks by Dr. F. V. Mohr; song, "Norway! Norway!" piano solo, selection from "Grieg," Mrs. Abercrombie; song by the choir, "Dance Cried the Fiddle"; poem, Oscar Thompson; song by girls in national costume; address by Rev. C. Aug. Petersen, "Liberty"; song by choir; recitation, by Mr. Fetje; address by Rev. Haalheim; song by choir; address in English, "America," Rev. E. L. Nanthrup; song, "When the Fjords Are Blue"; address "The Norwegian Sailor," Rev. P. M. Ellefsen; song, "The Cat Song"; song, "Norwegian National Hymn"; song, "America."

### INGALL'S PLATFORM.

**Gives His Platform to Public for the First Time.**—Interesting Document.

The following communication received from Dan Ingalls is given to the Astorian's readers:

"Dan Ingalls filed his candidacy for the legislature, and Dell Scully told him to file it at his office, and Dell failed to have it put on the ticket: Here is his platform: If I am exonerated and elected I will keep sober; I will not accept a railroad pass until one is offered, I will vote to have every member pay for his own newspapers; I will oppose employing five hundred lady clerks unless they are from Clatsop county in that case I will be absent or not voting. I will favor the legislature meeting once in twenty years, and that no member shall be elected for a second term. I promise not to introduce any fool bills to become laws, for we have a surplus of such already. I promise to help repeal some we now have, among them the direct primary law. Respectfully, DAN J. INGALLS.

**Fisherman Drowned.**—In a severe storm which occurred off the mouth of the Columbia river Wednesday night, Captain John Anderson of Aberdeen, Wash., who was fishing for the Tallant-Grant Packing Company, was drowned by the capsizing of the fishing boat in which he and his brother were. His brother, who acted as boat puller, managed to seize the bottom of the upturned boat, and was rescued, by another fishing boat, in the vicinity. It is stated by William Halvorsen, and John Kimie, two other fishermen, that several other boats were overturned in the heavy sea, but as yet no reports of other lives lost, have come in. Most of the fishing boats had found safety behind Peacock spit, and the boat in which was Captain Anderson, was hauling up the net preparatory to running for cover, when the accident came.

Mrs. J. A. Burns, wife of the lieutenant of that name, on the revenue cutter Perry, left for San Francisco, last evening at 6:10 o'clock.

Hon. J. Couch Clinton, county clerk of Clatsop county, went down to Seaside yesterday, to fix up his summer bungalow there, for the season.

### WHO SAYS SO?

The whole eating world of Astoria says so! Says what? Why, that the only place in the city for a genuine, square, well-cooked, comfortable meal, at a modest cost, is the Palace Restaurant, on Commercial street opposite the Page Block. The statement is so general and generous that to doubt it is folly and to believe it and profit by it, the best of good judgment in the eating line. The proof o' the pudding is in the eating o' it."

### THE PICTURE WORLD.

When you are in need of anything in the photographic line in the amateur way, kodaks, films, plates, cards, mounts, and all the technical details of the business, and want the best and last in the way of artistic development, just go to Frank Hart, the druggist, and tell him so. That is all.

# WHAT IS THE BEST CLOTHING

It is the fashion nowadays for every mother's son of a clothing dealer to claim that "HE" is the only favored one who carries the "BEST" clothes. Do you, Mr. Customer, believe that ONE factory, makes all the good clothes in America.

Indeed, some factories who were the ones, but a few years ago, have degenerated and new men, young men, men of nerve, of ambition and of pride have grasped the reins and the M and S or the X and Y Brands of former years, are passed NOW!

Today, new people are to the fore, tomorrow too will be brushed aside, by younger, more vigorous men with newer ideas and so the world has, does and ever will, move on.

The question therefore is: which one of your local clothiers is the most aggressive, the most up-to-date one; who is it that will take up new ideas, new makes FIRST?

When you have answered that question, then you can safely decide as to who "DOES" come nearest to that ideal.

"Don't judge a firm by its pretensions."

"Judge a clothier as you would a preacher."

"A doctor, a lawyer, a mechanic, etc."

"Judge every man or firm by the
